## ARREST/APPREHENSION NARRATIVE

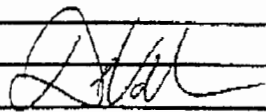

On 6-11-01 at approximately 1300 hours S.A. Whiteman, Det. Miller, S.A. Arnold, Det. Shamir, Det. Morrison, Det. Taylor, Det. Dillenkoffer, Det. Bailey, Capt. Tempster of the Jackson Co. So., SAs Becker, Wilson, Caster, also of the Jackson Co. So. and I responded to 6608 E. 96th Terrace in an attempt to take Byron C. Case w/m 11-23-78 into custody. Case was wanted on Jackson Co. Mo. State Warrant CR 2001-03527 dated 6-7-01 charging Murder and ACA No Bond. This offense was investigated by the Jackson Co. Mo. Sheriff's Dept.

Upon arrival the front door of the residence was found standing open and the screen door was slightly ajar. After knocking several times with negative response I opened the screen door and yelled in a loud voice "Police officers any body inside come to the door". I yelled this repeatedly, but received no response. Entry was made to the residence and I continued to yell "Police". As I moved toward the hallway that led to the bathroom and bedroom area of the residence a white male who resembled Case started to come out of the north bedroom. Upon seeing me Case retreated into the bedroom, closed the door and was attempting to lock the door when I pushed it open. As I entered the room Case was in Case stumbled backwards onto a bed. Case admitted his identity and was taken into custody without further incident. The rest of the residence was checked for other occupants with negative results. The room in which Case was taken into custody in was determined to be his (Case's) bedroom.

After Case was removed from the residence, the residence was secured.

Case was transported to the Jackson Co. So. by Sheriff's Dept. Personnel for questioning and booking.

The FBI Violent Crimes/Fugitive Task Force Case file was closed with the Subject's arrest.
